WORK EXPERIENCE

DevOps Intern | CloudBase Inc, Manchester | Jun 2024 · Dec 2024 (6 months)

- Automated CI/CD pipelines with GitHub Actions, reducing build times by 35%.
- Containerised 5 legacy microservices using Docker and deployed to Kubernetes (EKS).
- Wrote Terraform modules to provision AWS infrastructure (VPC, EC2, RDS, S3).
- Assisted in migrating on-premise PostgreSQL database to Amazon RDS with zero downtime.
- Wrote Bash scripts for automated log rotation and monitoring alerts.

Part-time IT Support | University of Manchester IT Services | Sep 2022 · May 2024

- Provided first-line technical support to 1,200+ students and staff.
- Configured Linux workstations and resolved network connectivity issues.

SKILLS & TOOLS

- Containers & Orchestration: Docker, Kubernetes (EKS, kind), Helm
- Infrastructure as Code: Terraform, Ansible (basic)
- CI/CD: GitHub Actions, Jenkins (basic), GitLab CI
- Cloud: AWS (EC2, S3, RDS, IAM, VPC), basic Azure
- Languages: Bash, Python (intermediate), YAML, HCL
- Monitoring: Prometheus, Grafana, CloudWatch
- Operating Systems: Linux (Ubuntu, Amazon Linux), Windows Server

EDUCATION

BSc Software Engineering (2:1) | University of Manchester | 2021 · 2025
GPA: 3.7/4.0 | Expected graduation: June 2025
Final Year Project: Automated Kubernetes cluster autoscaling with custom metrics
Relevant modules: Cloud Computing, DevOps Practices, Linux Systems, Networking

CERTIFICATIONS & TRAINING

- AWS Certified Cloud Practitioner (Amazon, 2024)
- HashiCorp Certified: Terraform Associate 003 (HashiCorp, 2024)
- Docker Certified Associate · in progress (expected Q3 2025)
- Linux Foundation: Introduction to Kubernetes (LFS158, 2023)

SALARY EXPECTATION

Expected Salary: GBP 42,000 · 48,000 per annum
Expected Benefits: Learning budget (GBP 2,000/yr), remote-friendly, pension
Availability: July 2025 (immediately after graduation)
Note: This will be my first full-time position; no current salary to disclose.

ADDITIONAL INFORMATION

Open source contributor to the Helm chart repository (3 merged PRs).

Speaker at University DevOps Society · 'GitOps with ArgoCD' (Feb 2024).
